

0.4mm Pitch Stacking Type Board to Board Connector CONNECTOR

WH1 Series

MB-0144-2

July 2006

RoHS Compliant

Plug

Receptacle

Outline

WH1 series connectors have, 0.4mm-pitch, 1.0 mm height board-to-board connection that is ideal for slim low-profiled information communication devices such as mobile phones, LCDs and PDAs, with high density mounting requirements.

Features

- 0.4mm pitch, double lines; 24, 40 pos. (30, 50 pos. planned to be developed), stacking height 1.0mm.
- Contact structure with high abrasion resistance and roll contacts with contact reliability.
- Separate 2-point contact design to resist twisting stress.
- Simple lock structure with assuring click response.
- Solder migration countermeasure for plug and receptacle. (nickel barrier for contact)
- Compatible to Pb-free

General Specifications

- | | |
|--|---|
| <ul style="list-style-type: none"> ■ No. of contacts : 20, 24 pos. ■ Pitch: 0.4mm, 2 rows ■ Operating temperature:
-40 Deg. C to +85 Deg. C ■ Contact resistance:
70m ohm max. (initial) ■ Lifetime: 50 times | <ul style="list-style-type: none"> ■ Rated current: AC, DC 0.4A/per pos. ■ Rated voltage: AC, DC 50V ■ Insulation resistance: 100M ohm min. (initial) ■ Dielectric withstanding voltage:
AC250Vr.m.s per minute ■ Total insertion force:
1N x n max.(n: pos.) ■ Total withdrawal force:
0.15Nx n min. (n: pos.) |
|--|---|

Materials and Finishes

Components	Materials/Finishes
Contact	Copper alloy/ Au plating(0.1um min.)
Insulator	Heat resistant plastic (UL94V-0, Color: Black)

Ordering Information

Ordering Information

(Note 1) An embossed tape reel contains 6,000 pieces.

For information on emboss taping specifications, please contact us directly.

Notice: Products shown in this leaflet are made for the applications listed below. However, if the above-mentioned products are to be used in aerospace devices, marine cable-connection devices, atomic power control systems, medical equipment for life-support systems, or any other specific application requiring extremely high reliability, please contact JAE for further information.
Recommended applications: computers, office machines, measuring devices, telecommunication devices (terminals, mobile devices), AV devices, household applications, FA devices, etc.
