

### Flat Ribbon Clips

These clips are ideal for use in applications which are difficult to access, or for areas where a self adhesive solution is the only possible fixing method (for example 'holes' would be unacceptable). The FKH clips are designed to retain flat ribbon cables - ideal for use in computer equipment, gaming machines and domestic appliances. Available as a self-adhesive mount or screw mount.

#### Features and Benefits

- One-piece fixing clips for flat ribbon cables
- Quick and easy installation
- Easily releasable and re-usable

Based on extremely soft wings any flat cable is gently fastened.

Fixing can be realised with M3 screws or acrylic adhesive backing

The flat ribbon cables are available in 4 different sizes.

For more information on the types of adhesive please see page 129.
